

EMERGENT FORMS OF URBAN DENSIFICATION IN ASIA

SHARED PERSPECTIVES

13-16
NOVEMBER
2017

Hanoi

INTERNATIONAL CONFERENCE

HANOI ARCHITECTURAL UNIVERSITY

International Institute of Training and Cooperation

Preliminary Program

Shared perspectives upon emergent forms of urban densification in Asia: issues of access to resources (services, housing, employment and land).

13 to 16th November 2017

Venue : Hanoi Architectural University (Vietnam), Km10 Nguyen Trai, Thanh Xuan, Hanoi
Room U401 – Building U

13th to 14th November 2017 Presentations and discussions

Monday 13th November

8.00 – 8.30 *Registration And Welcoming of participants*

8.30 – 8.35 *Introduction*

8.35 – 8.40 *Keynot speech by Prof. Adj. Dr. Le Quan, dean of HAU*

8.40 – 8.50 *Keynot speech by Dr Marine Hermann, adjoint representative of IRD*

8.50 – 8.55 *Keynot speech by a representative of the French Embassy in Hanoi*

8.55 – 9.00 *Keynot speech by Pr Sophie Geodefroit, representative of AUF*

9.00– 9.05 *Keynot speech by Dr Emmanuel Cerise, representative of IMV*

9.05 – 9.30 *Introduction*

Solomon Benjamin, (IHS: Indian Institute of Human Settlement, Bangalore),
Thinking Through Urban Densification and Territorial Transformation: the need for an
analysis of narratives and analytical categories from ‘the ground up’.

9.30 – 11.45 **Urbanisation, densification and provision of services and resources**

Discussant: Sylvie Fanchette ((Geographer, IRD/ Cessma-Paris)

Rémi de Bercegol (Geographer, CNRS/Prodig, Paris) & **Nguyen Thai Huyên** (Urban Planning,
Hanoi Architectural University) : « *Modernisation of waste sector and recycling practices in
Delhi (India) and Hanoi (Vietnam)* »

Coffee break

Olivier Telle (Geographer, CNRS/Geo-Cités-India), **Marc Choisy** (IRD, MIVEGEC) **Le Viet
Thanh** (Geographer/Pasteur Institute/Vietnam) : « *Increasing fragmentation of outbreaks
management and policies according to type of towns and actors in India and Vietnam* »

Laure Pasquier (Economist, DIAL/IRD-Paris) & **Christophe Jalil Nordman** (Economist,IRD/IFP,
India) « *Urban density and social embeddedness: which link? case in India and Vietnam* »

11.45– 13.15 **Lunch break (Room U 204)**

13.15– 15.15 Metropolitan areas dynamics and process of periurbanisation

Discussant: Prof. Do Hau, Association of Vietnamese Urban Management

Joshua Benjamin Solomom, (Indian Institute of Technology Madras, India) & **Wong Kit-Ping Tammy** (Hong Kong Baptist University) : « *Territorial and land regulations/policies in urban villages and periurban areas : a comparative study in Indian and China* »

Clément Musil, (Urban Planner, UMR AUSser, IPRAUS) & **Rémi Desmoulière** (Geographer, PhD student, INALCO-Cessma): « *The (Re)Organization of Public Transport on the Fringes of Asian Emerging Metropolises: Crossed Perspectives from Jakarta and Ho Chi Minh City* »

Etienne Monin (Geographer, University Aix Marseille) & **Nguyễn Tuan Anh** (Sociologist/Vietnamese Academy of Social Sciences)/ Jonathan Rigg, National University of Singapore, « *Farming on the fringes: farming and not farming in Hanoi's and Shanghai peri-urban villages'* »

15.15– 15.30 *Coffee break*

15.30– 17.15 New urban areas and Special economic zones and issue of integration of periurban villages

Discussant : Natacha Aveline (Geographer, CNRS – UMR Géo-Cités, Paris)

Ratoola Kundu (Centre for urban Policy and Governance, School of habitat Studies, Tata Institute of social Sciences in Mumbai) & **Labbé Danielle**, (Institut d'urbanisme, Université de Montréal, Vietnam) « *Integration of Gated Communities and urban villages through the use of basic services and local markets: peripheries of Kolkata and Hanoi.* »

Tran Minh Tung (Urbaniste, Hanoi Architecture University) & **Peyronnie Karine**, Geographer, (IRD/Prodig, Paris): " *The « Gated-KDTM" in Hanoi (are not Hanoian) and that of Luang Special Economic Zones in Vientiane : Land tenure and urban scenography"*.

Dr. Shih-Shen CHIEN, (professor in development geography Taiwan University) & **Max D. Woodworth** « *Edge City Fever: Assessing city-making in China's suburbs"*

Tuesday 14th November

8.30 – 10.30 Non statutory small towns and large villages, clusters of craft/industrial villages

Discussant Partha Mukhopadhyay (CPR)

Samanta Gopa / Kiran Kumar Roy (Geographer, University of Burdwan, India) & **Stéphane Milhaud** (Urban Planner, Groupe 8), « *The development of small cities in India and China : a comparison of governance, infrastructure and services* ».

Shubhagato Dasgupta (CPR, Delhi) & **Luisa Moretto/ Frederica Natalia Rosati/ Teller Jacques** (Université la Cambre-Horta Bruxelles and Université de Liège) : « *Beyond the sanitary networked city: understanding co-production drivers in India and Vietnam*»

Vijaya Baskar, (Economist, MIDS, Chennai) & **Fanchette Sylvie** (Geographer, IRD/ Cessma-Paris) *“Small Firm Clusters as Employment-centric Urban Models? Insights from a Comparative Analysis of Labour Intensive Cluster Development in India and Vietnam”*

Rahayu Paramita, (lecturer Sebelas Maret, Department of Urban and Regional Planning University, Surakarta, Indonesia), **Cess Sweta** (CPR, Delhi) & **Zérah Marie-Hélène** (urban planning, Cessma/IRD/CPR-Delhi), *“Debating the relationships between density and governance and basic services: Contradictory views from two case studies in India and Indonesia”*

10.30 – 10.45 *Coffee break*

10.45– 11.45 ***Slums and deteriorated down-town eviction and gentrification (1)***

Discussant: Emmanuel Cerise (Co- director of Institut des Métiers de la Ville Hanoi)

Dupont Véronique (Demographer, IRD/Cessma, Paris) & **Du Phuoc Tan** (Urban Management Ho Chi Minh City Institute of Development Studies) « Slum redevelopment projects under public-private partnership in Indian metropolises and social housing redevelopment projects in HCMC, a comparative study »

Nguyen Leroy Marie-Lan (Law, Institut des Métiers de la Ville, Vietnam) & **Clerc Valérie** (architecte urbaniste, IRD/Cessma, Paris): “From the illegality of land tenure practices to urban densification: dynamics of urban norms and urbanization in precarious settlements in Hanoi (Vietnam) and Yangon (Myanmar)”

11.45– 13.15 ***Lunch break (Room U 204)***

13.15– 14.15 ***Slums and deteriorated down-town eviction... (2)***

Maksudur Rahman (Prof Geography, University of Dhaka) & **Dao Thi Nhu** (Sociologist, Vietnam Urban Development Agency, Ministry of Construction), “Gentrification of Old Centers’ town: land and housing issues in Dhaka and Hanoi”

Aveline Natacha, (Geographer, CNRS – UMR Géo-Cités, Paris), «Value extraction by financial investors and deterioration of seniors’ living conditions. The securitization of welfare facilities in Hong Kong’s public housing estates ».

14.15– 16.45 ***Urban villages, housing and provision of services issues***

Discussant Mike Digregorio (director Hanoi Office of Asia Foundation)

Nguyễn Van Suu (Department of Anthropology, University of Social Sciences of Vietnam, Hanoi) & **Naik Mukta** (Architect-planner, Senior Researcher, Centre for Policy Research, Delhi)/ **Kimberly M Noronha** : « Rental housing as coping strategy in urban villages transformation: A comparative study of Phu Dien Village, Vietnam, and Sikanderpur Ghosi Village, Gurgaon, India»

14.45 – 15.15 *Coffee break*

Tran Mai Anh, (Hô Chi Minh City Architectural University) & **Cho Im Sik** (Department of Architecture, School of Design and Environment, NUS), « Comparative studies of urban villages in Hanoi and Seoul: Emerging forms of housing, urban practices, and planning

issues »

Trần Khắc Minh (Geographer, PhD student, University Paris 1/ Prodig) & **Cinzia Losavio** (Geographer, PhD student, University Paris 1/ Géo-Cité) “*Migrant workers and urban integration: comparing China and Vietnam through the prism of residential condition*”

Van Quang Trang (University of Economic and Law, Hồ Chí Minh City, Vietnam) “*Employment, living conditions of migrants in urban areas: An approach with census data in Vietnam*»

16.45 – 17.30 *Conclusion of discussants and debate*

Wednesday 15th November

8.30 – 11.45 ***Methodological questions for studying emerging forms of urbanisation.***

- François Carlet-Soulages (Noi Pictures, photographer Hanoi): “ How drones pictures can help to make typologies of emergent forms of urban densification and to locate them?”.
- Joel Itd, University of Paris-Est Marne La Vallée & Clément Musil (Urban Planner, UMR AUSser, IPRAUS) “Comparing diffuse urbanization processes in different socio-cultural contexts : Asia and Europe. The interdisciplinary approach of the international research network on diffuse cities ».

Coffee break

- Eric Denis (Geographer, CNRS, Géocités): “Presentation of the eGeopolis and other methods for studying morphologic urbanisation of towns over than 10,000 inhabitants” (presented by S. Fanchette)

11.45– 13.15 ***Lunch break (Room U 204)***

13.15– 15.30 ***Exhibition and architecture projects***

- Exhibition of the best scale models, photos and drawings from the students participating to the competition of the Hanoi Recycling Waste projet
- Presentation of Mai Hung Trung PFE “Project on clusters of villages in suburban areas of Hanoi” and Le Xuân Trung (HAU) on periurban areas.

15.30 – 15.45 *Coffee break*

15.45– 17.00 *Meeting for setting up future projects*

- research program on *Shared perspectives upon emergent forms of urban densification in Asia: issues of access to resources (services, housing, employment and land) : research questions, methodology, fund raising, PhD training, publications.*

17.00 – 18.00 Visit of the exhibition on Hanoi Urban Master Plan at the Centre for National Master Plan.

Thursday 16th November :

Two field trips in Hanoi Province : two teams with the participation of resource people on the spot:

1.- Peri-urban areas in the turmoil of the metropolization process

- The Van Phu “ghost town” one of the numerous cases of empty new urban areas
- Cluster of craft villages of La Phu (knitting textile and sweet confectionery) surrounded by new development projects: land and labour issues
- industrial park of Phu Nghia : labour and housing issues for migrants in surrounding villages (Phu Nghia)

2.- Densification process of some inner city areas

- Villages in the city (the case of My Dinh): a dormitory village for migrants
- The neighbourhood outside the Long Bien dyke: slums for the day-workers at Long Bien Market
- Rehabilitation of collective housing areas, the Kim Liên *khu tap the*.

The public: researchers, teachers, students and planning professionals

Languages : English, French and Vietnamese

With the support of :

L’IRD, French Embassy in Vietnam, Cessma, IMV, AUF

Partners and participants

France

IRD : Institute of Research for Development (France)

CEPED : Center of Population and Development (IRD/University Paris Descartes)

CESSMA : Research Center for Social Sciences on Asian, African and American Worlds (Paris Diderot University/ IRD, INALCO)

CNRS : The French National Center for Scientific Research

IMV : Institut des Métiers de la Ville in Hanoi, The Cooperation Center for Urban Development in Vietnam

Vietnam

HAU : Hanoi Architectural University

Department of Anthropology, University of Social Sciences of Vietnam, Hanoi

University of Economic and Law (Ho Chi Minh City)

Ho Chi Minh City Architectural University

India :

CPR : Center for Policy Research (Delhi),

University of Burdwan (West Bengal),

Institut Français de Pondichery

IIHS: Indian Institute of Human Settlement, Bangalore

MIDS : Madras Institute of Development Studies

Centre for Urban Policy and Governance, School of Habitat Studies, Tata Institute of social Sciences in Mumbai

Asia (other)

Department of Geography, Hong Kong Baptist University

National University of Singapour

Department of Urban and Regional Planning University in Surakarta, Indonesia

Taiwan University, department of Geography.
